Carmel Men to Lecture

Tomorrow evening, at the Presbyterian Church in Monterey, Redfern Mason is to talk on his observations concerning the efficacy of the work of the various welfare organizations overseas among the American soldiers. It is hoped that a large number of Carmelites will attend.

The third lecture in this series, under the auspices of the Chamber of Commerce and the High School, takes place on Friday, October 10, when Dr. Preston W. Search will take for his subject "Master Lecturers Personally Known." Dr. Search is probably the best-known platform speaker in the United States, and should have a crowded house.

Lovely home for rent, furnished, to responsible party, through the winter at reasonable rate. 5 rooms; livingroom 18x30; large fireplace; fine bath; stat. tubs; every c nvenience; near town. Box 138, Carmel, or inqire at Pine Cone office.

They're On Their Way

Frederick Preston Search is now on the briny deep. He sailed on Tuesday on the steamer Sachem for Honolulu, where he will join the Philharmonic Society.

On the same steamer Mrs. Lillie Hanson is also a passenger. She will be a guest of her sister, Mrs Kate C. Wood, all winter. This is Mrs. Hanson's second trip to the islands.

Pine Needles

Last Friday afternoon at Monterey, under the auspices of the Civic Club, "California Landmarks Day" was appropriately celebrated. The program included an interesting and instructive address by Mrs. J. H. Andresen, entitled "The Importance of Knowing Our State's History."

Stanford vacation month is past and the Rendtorff family left on Sunday for their Palo Alto home. Miss Gertrude graduates from the Palo Alto High next summer.

Mrs. Ney Otis, after several months' absence in the East with her two daughters, has returned to Carmel with her youngest girls. Helen will return here in about a month.

"What's become of McCabe?" has been asked us frequently during the past three months. We've just learned. He's down in Gonzales, managing Alpine Tavern, a forty-five room hostelery, recently erected by a large milk canning concern.

Mrs. Van Houtte has received word that her son, Major Albert L., has assumed his duties a commanding officer at Urban Military Academy, Los Angeles.

Mrs. H. W. Morse and family left yesterday for their home at Trona. Young Philip has entered the Thatcher School in Ventura, and Miss Genevieve Taggart has returned to Berkeley. The Clampett cottage, occupied by them, has been rented by the Greene family.

Mrs. Catherine More-Curtis departed on Monday for a brief vacation. She went to San Francisco, and may extend her trip to Santa Barbara, going south by steamer.

Chris Jorgensen, the artist, and wife, with Mr. and Mrs. Virgil Jorgensen, are motoring west from Boston, and are expected at La Playa about the middle of this month. The Jorgensens are old-time Carmelites and will receive a warm greeting from their many friends here.

Mrs. Julia Ammerman, mother of Mrs. J. E. Beck, and Mrs. Jos. McEldowney, her sister, and two daughters, have arrived from Danville, Pa. They will make their home here.

Next week Teachers' Institute will be held at Salinas, and Sunset School will not be in session. Many of the children already have their vacation activities planned.

Thomas Oliver, the well-known rancher, who was severely injured last week by being thrown from a horse, and whose life was in the balance, is going to get well, say his physicians.

J. L. Doulton and wife, who have been here for four months, are returning to their Santa Barbara home.

Mrs. C. F. Hoffman and her son Ross, who have been sojourning here for several months, have returned to Oakland.

Birney W. Adams was down from Morgan Hill early in the week and stayed with the Overstreets. Perhaps he will spend the entire winter here.

The Carmel city trustees will hold their monthly meeting at the City Hall next Tuesday evening.

WEST SAVED $100,000,000 IN WAR STAMPS

People of Pacific Slope Have Loaned Government Huge Sum Since 1918

San Francisco—Nearly $100,000,000 worth of War Savings and Thrift Stamps have been sold by the government in the Twelfth Federal Reserve District since Uncle Sam opened his thrift campaign in 1918 to help finance the war. "In other words," said Robert E. Smith, director of the War Loan Organization in the Twelfth District, "the people of California, Oregon, Washington, Idaho, Nevada, Utah and part of Arizona have added that much to the working capital of the nation and the West out of their savings, not to mention the tremendous sum they have saved by purchasing Liberty Bonds."

Of course many persons who bought Thrift and War Savings Stamps have cashed in their securities with amazing shortsightedness, but the wiser purchasers are holding their stamps until they maintain their full maturity value. "Those persons who have cashed in their War Stamps or their Liberty Bonds and have spent the money have lost twice the amount they saved because, no matter what they bought, they paid nearly twice as much for it as they would have paid less than five years from now," said Smith. "Prices have risen more than 100 per cent since 1914. They will drop at least 50 per cent in the next few years and will eventually get back to the 1914 level. Now is the time to save."

Smith, who is a successful financier, said: "We have high prices because of the expansion of credit and consequent inflation. We won't have low prices until the people contract the currency by saving." Save by investing in government securities.

Philip Wilson Sr. has been appointed as inspector for the street work now under way. He spends his time overseeing the actual work on the streets and the removal of the rock and clay from the quarry.

It should be borne in mind that should the proposition to pave Ocean Avenue with concrete be turned down, six months must elapse before any official action can be taken regarding that street. The only manner in which work can be provided for and done during that period is by private contract. Who'll take the initiative?

IN OUR OWN HANDS

Solution of the financial crisis superinduced by the unjust cost of living, is largely in the hands of the American people themselves, according to the United States Federal Reserve Board. In his letter to the Senate Committee on Banking and Finance, W. P. G. Harding, governor of the Federal Reserve Board, said:

"Whether viewed from an economic or financial standpoint the remedy for the present situation is the same, namely to work and to save; work regularly and efficiently, in order to produce and distribute the largest possible volume of commodities, and to exercise economies in order that money, goods and services may be devoted primarily to the liquidation of debt and to the satisfaction of the demand for necessities, rather than to the indulgence in extravagance or the gratification of a desire for luxuries."

America must both work and save. There are many ways to work but only one way to save. That is to save first and spend afterwards, to put aside the first dollar that comes in, not the last dollar that goes out. It was to make possible the saving of even the smallest sums and their safe investment that government Savings Stamps and Treasury Savings Certificates were offered to the American people.

Students of economics declare that this country is on a magnificent prosperity debauch. Dealers in jewelry, expensive apparel and food delicacies throughout the country say the demand for their wares is unprecedented and that buyers do not care what they pay for them.

Stop living up to your wages or salary. Save regularly and invest in War Savings Stamps.

AT WHAT POINT DOES HOPE DIE?

Terrible Experiences of Jews in Europe Raises Question of Limit of Human Endurance.

SUFFERING IS UNSURPASSED.

There Is a Tenacious Clinging to Life and Faithful Observance of All Religious Dictates.

By NEAL McNEAL.

Has human endurance any limit?

At just what level of poverty, suffering, hunger and disease does the last flicker of hope fade out in the human breast and merciful Death bring welcome oblivion?

Certain it is that human beings have in the past survived days, weeks, even months, of unbelievable physical torture and mental anguish and, surviving, have returned again to normal. It is equally certain that all previous records of what human beings can endure and yet live have been broken by the experiences of the 6,000,000 Jewish men, women and children in Eastern Europe during the four years just past.

Now that relief workers have penetrated into the affected portions of the Old World, the full story of European Jewry's four years of horror is coming to light. The majority of the Jews abroad, according to reports now in the possession of the American Jewish Relief Committee, have lost their homes, their possessions, their health, one or more members of their families—have been bereft, in fact, of everything that makes life worth the living. In hundreds of thousands of cases these unfortunates are so deadened by their endless misery that they have all but lost the desire for life itself. The Jewish population of whole districts has not known a full meal in years, while there are almost 1,000,000 children alone who have either forgotten or have never known what milk tastes like. As a result all the diseases attendant upon starvation and lowered vitality are raging.

"It is difficult to believe," writes Dr. Boris D. Bogen, executive director of Jewish relief work in Poland, "that humanity can endure suffering to such an extent as is found here. The situation is so depressing that I think it miraculous people still continue to live. The number of homeless children seen on the streets is appalling.

"The amount of food is very limited, and, practically speaking, none is to be bought in the open market. It is remarkable that the people still continue their schools for educating the children according to ancient Jewish custom, and in this respect do not lose heart."

The above is typical of the accounts of the plight of the Jews in Europe that are received at the American Jewish Relief Committee headquarters at 15 East Fortieth street, New York.

These reports furnish the answer to the question as to how much human beings can suffer and still live. The present condition of the Jewish people abroad, according to all the information available, is the last word in human suffering and the utter limit of human endurance.

Surveyors on the Job

Last Saturday a large load of camp equipment and supplies and surveying instruments arrived from San Francisco and was sent down the Coast to one of the State Highway crews working on the Carmel - San Simeon Highway. Another Contribution to the Street Work Discussion

Carmel, Cal., Sept. 15

Mr. W. L. Overstreet,
Editor, Carmel Pine Cone.

Dear Sir:

I found Mr. Slevin's communication in your issue of September 18th interesting. The subject of Streets for Carmel is one in which we are all concerned, and all should have a voice. I am open-minded—ready to be convinced.

But it was that second letter you printed which thrilled me; because of it, I shall hereafter emerge on the streets of Carmel, and walk in a daze of bashful glory. Its writer speaks of me as estimable, and not content with that, calls me a lady! My family consider the designation imaginative, but I put that down to a mean envy. That, Pine Cone, with "them few kind words" blue-pencilled, shall go into the archives, to be handed down to my grandchildren. (What's an archive, anyway? If they don't keep 'em at the stores, do you suppose Mr. Larouette could make me one?")

I thought of showing my gratitude to Justice by calling him an estimable gentleman; yet there are people who would hold that an individual who replied in print to a signed article with an anonymous one, was neither estimable, nor a gentleman. Y' understand, I don't think that at all. I shouldn't agree with them. Justice announces himself as a business man. His article sounds to me a good deal more as though it were written by an estimable gentleman than a business man. Perhaps he is both.

It seems to me that the best return I can make him for the compliment he has paid me is to offer him a hint as to the shades of meaning in the word "given." He quoted my sentence about "Not having been given any streets," and seemed to think the phrase could be construed to mean presentation by deed of gift, of streets, by some person, or body of persons, to the citizens of Carmel.

Now, I make my living out of the English language. Handling words is my trade. I used the word "given" there to cover a non-material transaction, in which there would be in fact no gift, no obligation, conferred. For instance: the State of California has "given" me a vote; I have "given" my opinion of the bond issue by voting against it. Two things given, you observe, yet nothing passes that you can see, smell, taste, or fry for breakfast.

Also, a man may be given an education, but that's not saying he wont have to work for it with study and pay for it with money, before he gets its. Somewhere in the abysses of time waits a day when sand-smothered Carmel will be given street improvement, and that the price she must pay for it may not be exorbitant—I voted against bonds.

So far in all good humor. One voter's opinion is as good as that of another—if not better. Nothing can be hurt by open, full and free discussion of our public improvements. My letter didn't go into the practical method of getting a road on Ocean Avenue which is within the means of the property owners on that street; I had not at the time such details to give. But you told me, when I went to you and asked if I might write that first letter to the Pine Cone, that it was your desire to have all opinions (I believe you said "both sides," but I should hate to think Carmel was drawn up into opposing factions that way) represented in the Pine Cone. That's a good attitude. And now you've had two communications from persons in favor of concrete paving.

Mr. Robert Leidig is sending to all the non-resident owners of Ocean Avenue property a letter which covers the case so far as information about the feasibility of a superior gravel road, with adequate concrete guttering, is concerned. His letter is of interest not only to Ocean Avenue property owners, but to everyone in Carmel. I should say it was specially of interest to those who are still believing that the only practical method for Ocean Avenue is concrete paving. If you could get a copy of Mr. Leidig's letter and publish it in the Pine Cone, I am sure it would clarify the question.

You have of course the name of the writer of the communication signed Justice on file in the Pine Cone office, or you would not have published what he wrote; but even so, I believe that sort of thing is poor policy. This a very small town. Feeling may run high on this street improvement question. An anonymous communication don't carry much weight, to be sure, but what it does carry is on the side of discord.

Everyone who read Justice's article has inevitably had a guess at who wrote it. In Carmel, where we nearly all work for a living, with our hands or our heads or both, announcing yourself as a business man, narrows the field of conjecture. This is so manifestly unfair to any business men in town who did not write it, and would not have written it, that I feel moved to say that in my opinion the article bears internal evidence of not having been written or inspired by anyone connected with the city government. My reason for thinking this is that Justice himself brought into the discussion the name of the Trustees, which I had not mentioned in my letter, that he spoke as though someone was blaming them for something—which I certainly had not done. It is inconceivable that, if those gentlemen feel they need a defense before the taxpayers, they should resort to an anonymous one. It would not only be inadvisable, but so mortally undignified.

The Wonders of America

By T. T. MAXEY

"THE CATHEDRAL OF COMMERCE."

THE Woolworth building, New York city, the highest office building in all the world, is often referred to as "The Cathedral of Commerce." This marvelous building is 792 feet or 60 stories tall. About 8,000,000 human beings reside within the bird's-eye view visible from the observation gallery on the fifty-eighth floor. This view, so unusual, so wonderful, has attracted representatives from more than sixty different countries.

About four hundred feet of the outside of the upper portion of the tower is flood lighted at night. This causes the building to present a bold and imposing spectacle—visible, 'tis said, 40 miles at sea. The structure weighs 223,000 tons, this tremendous weight being supported by 60 caissons, the largest 19 feet in diameter, all going down to bed rock or 110 feet below the sidewalk. Engineers claim its construction is so solid and safe that it would withstand a wind having a velocity of 200 miles per hour.

About 250 people are required to operate and maintain the building, which contains almost thirty acres of floor space. The tenants and their employees number about ten thousand. To serve them and those who enter to transact business with them, 28 elevators are required. About 25,000 people, on an average, ride in them daily. Approximately 250,000 p'eces of mail matter are delivered in the building daily. The two elevators which operate to the tower are the fastest elevators in the world, having a speed of 700 feet per minute.

IN THE MATTER OF THE ESTABLISHMENT OF A MODEL OF THE MISSION BUILDING AND OUTBUILDINGS KNOWN AS SAN CARLOS BORROMEO MISSION, COMMONLY CALLED "CARMEL MISSION," NEAR CARMEL-BY-THE-SEA, MONTEREY COUNTY, CALIFORNIA.

Upon reading and filing the petition of A. P Fraser, Mrs. E. K. deSabla, C. J. Arne, Peter Taylor and Wm. T. Kibbler petitioning this Commission to fix a time and place for a hearing in order to and that this Commission then and there investigate and acquire information as to the physical characteristics of the Mission building and outbuildings known as San Carlos Borromeo Mission, commonly known as Carmel Mission, near the town of Carmel by-the-Sea, Monterey County, California, and to give notice of said hearing and the time and place fixed therefor, as required in an Act entitled "An act to amend section four of an act entitled 'An act to create a commission for the purpose of making a survey of local historical material in the State of California; defining the power and duties of said commission; and making an appropriation therefor,'" approved May 17, 1917, and good cause appearing therefor.

IT IS HEREBY ORDERED that Friday, October 31, 1919, at the hour of 10 o'clock A. M. and the audience room of the Town Hall of the town of Carmel-by-the-Sea, Monterey County, California, situated on the Northwest corner of Ocean Avenue and San Carlos Street in said town of Carmel-by-the-Sea, Monterey County, be and the same hereby are fixed as the time and place for said hearing, and that any and all persons interested in the said Mission buildings or having any information as to the condition of the said building and outbuildings connected therewith, or any part thereof, may present any facts and any papers, records, documents or other information substantiating the said persons' ideas as to the condition of said Mission buildings and outbuildings at the time when the Franciscan Fathers were in charge thereof, and that the Secretary and Archivist of this Commission give public notice of said time and place fixed for said hearing at least sixty days prior to the said time, in the following newspapers: The 'Sacramento Bee," "San Francisco Examiner," "Los Angeles Express," and the "Carmel-by-the Sea Pine Cone," the said latter paper being the paper published in the county in which said Mission building was situated and in the town nearest the said Mission building.

AND IT IS FURTHER ORDERED that this Commission then and there hear and consider any information appertaining thereto which shall be brought before it to the end that it may establish accurate models of the said San Carlos Borromeo Mission with its outbuildings, and cause to be prepared plans and specifications sufficient in detail to enable the said Mission buildings and outbuildings to be restored as they were when the Franciscan Fathers were in charge thereof.

Dated August 19, 1919.

JOHN F. DAVIS,
Chairman of California Historical Survey Commission.
